May 29 - June 03, 2006  
Kyiv, Ukraine

**THIRD BULLETIN**

The given information is the **last** bulletin of the International Conference “**Current Problems in Nuclear Physics and Atomic Energy**” (NPAE-Kyiv2006), to be held on May 29 – June 03, 2006 in Kyiv.

**Purpose.**

The purpose of the Conference is the presentation of scientific reports and exchange of information about the new ideas and results on current problems of nuclear physics and atomic energy.

**Scientific Program.**

The Conference Program will consist of the invited talks and scientific presentations, selected from the submitted abstracts.

**Scientific direction of the sections:**

- Collective processes in atomic nuclei
- Nuclear reactions and processes with exotic nuclei
- Rare nuclear processes
- Relativistic nuclear physics
- Neutron physics
- Physics of nuclear reactors, problems of atomic energy and reactors of the future
- Applied nuclear physics and technique of experiments

**Program of the Conference**

The Conference program is attached to this electronic bulletin and you will be able to find it on the conference web-site (please, follow the possible changes in the program).

Plenary sessions are planned in the first half of the day during the Conference, where the invited talks will be presented (21 reports). Sectional meetings will be organized in the second half of the day according to the scientific directions, where two separate poster sessions are also planned in nuclear physics and atomic energy.

For oral presentations the speakers will be provided with multimedia projector (beamer) and ordinary projectors for transparencies.

The desirable size for the posters presentations is: height 90 cm, width 50 cm.
